

American Masala Collection

Mortar and Pestle Set

These handsome porcelain American Masala Mortar & Pestle Sets are the perfect kitchen tool for making spice blends and rubs, flavorful dips, herb mixtures and marinades. Chef Suvir Saran re-designed the traditional pestle to create a wider base to prevent spices and other ingredients from “popping” out of the mortar as grinding takes place. Pestles showcase a decorative motif representative of heirloom Indian embroidery. Glazed mortars are Cardamom Green and Saffron Orange. The sets are sturdy, dishwasher safe, odor and stain resistant, and packaged with a recipe created by Chef Saran.

Available in two- and five-cup capacities.
